PLAGIARISM CONTROL

All Master's theses will be plagiarism controlled in a programme for plagiarism detection (Turnitin). Please choose one of the following alternatives:

- I allow my thesis to be stored in the database of Turnitin in order to function as material for comparison when other written assignments are handed into Turnitin in the future. This protects my thesis from being plagiarized in the future.
- I do not want my thesis to be stored in the database of Turnitin.

PUBLICATION OF THE THESIS

- The thesis must be uploaded electronically in the publication archive DHanken. Please go to the library's homepage <http://www.hanken.fi/library/en/> and choose DHanken under "Search in the Databases". Log in to DHanken with your Hanken id and password. Further instructions are available at the Service Point in Helsinki and the Office of Study Affairs in Vaasa. Please mark with a cross below if you accept that your thesis will be available in Hanken's intranet, both in Hanken's intranet and in the public network or only at the library.
