

Give goods to the Star of Hope - we turn them into help!

Hoppets stjärna conducts aid dispatch operations mainly to Latvia and Lithuania, approx. 20 aid dispatches are sent per year. The goods donations are sent to those who need help and we sell a smaller part, approx. 10-20%, in our second hand shops. If we can sell the goods you donate to us, we can multiply the benefit of your donation. The sales revenue is very important for our relief activities and is used, among other things, in emergency situations and to pay for transport. The needs are great and we gratefully accept your donation! We accept product donations when the store is open.

YES PLEASE! We are happy to accept WHOLE and CLEAN items

Clothing: All garments that are clean and whole, baby, children, women's and men's clothing, bags and shoes
