IT Services at Hanken

You find information on Hanken WLAN, User rights/Id, printing and copying, and information about systems and software used at Hanken on the IT pages.

[CHANGE PASSWORD](#)[Settings for my multifactor authentication](#)

Hanken provides a number of IT-services for you as a student or as Hanken faculty or staff. Many services are only available for you after login with *Hanken user-id* and password. As a student registered for the semester, or as an employee, you have the right to a user-id. [↗](#)

Before your studies starts, you will get an e-mail with information about how you can activate your user-id. Once you have the needed information you can proceed to activate your account. Your user-id is available only if you have an active studyright in the studyregister.

Log in to see available tools. Remember to [change your password](#) [↗](#) every now and then!

2.3 IT IN YOUR STUDIES

During your time studying at Hanken, you will use several different tools and resources. Some of the most important ones:

SISU – administrative study system (registrations and information, courses, exams, course schedules, ...)

Moodle – Learning platform - course material, tasks and discussions, some exams

Exam – Tool for digital exams in Examinarium

HANNA – E-books, articles and library services.

EDUROAM – wireless network

Papercut Mobility Print – printing, scanning and copying

Microsoft 365 – mail, MS Office, Teams and OneDrive.

<https://www.hanken.fi/en/tools-list>

2.4 YOUR OWN COMPUTER: eduroam, printing and exams

eduroam

- You can access WiFi at Hanken and many other universities and places using the eduroam network:
- login with: userid@hanken.fi

More information on wireless networks:

[**IT-services – Wireless networks**](#)

More about the printers and registering a RFID key at

<https://www.hanken.fi/en/it-services/printing-copying-scanning>

Exams with Schoolyear

- Some exams will be with your own computer at a certain time at Hanken (like paper exam). For this you need the Schoolyear app
More on: [**Digital on-site Exams**](#)

Mobility print

- Printing from your own computer can be done with **mobility print** – [install it on your computer](#)

2.5 PRINTING/ SCANNING/ COPYING

You can print from any Hanken computer to any printer – use ***Follow-Me***

- **Printers in Helsinki:**

- In the corridor on the **4th floor**,
in the basement in **library aquarium**
and **Skogen**, as well as in the bookstore **IB**

- **Printers in Vaasa:**

- **3rd floor** outside computer rooms and
1st floor main entrance.

Credits for the printers can be bought from the bookstore IB.

Electronic “key” – RFID on your phone, a card, ...The first time, *show the key to the printer, login manually* with your Hanken userid and passwd, thereafter you only need to show your key to the printer to get access to your printed material.

Read more about the printers and registering the key at

<https://www.hanken.fi/en/it-services/printing-copying-scanning>

2.6 Student computers at Hanken

In Helsinki

- room A407, 4:th floor
- Quantum, 1st floor
- Library

In Vaasa

- 3:rd floor, room v317
- Quantum - v325

Software needed for studies is installed on Hanken student computers - for example Microsoft Office, statistics software etc.

In **Quantum** you can also find some unique finance software installed only on a few computers

Software for **your own computer** (*via Campus licence*):

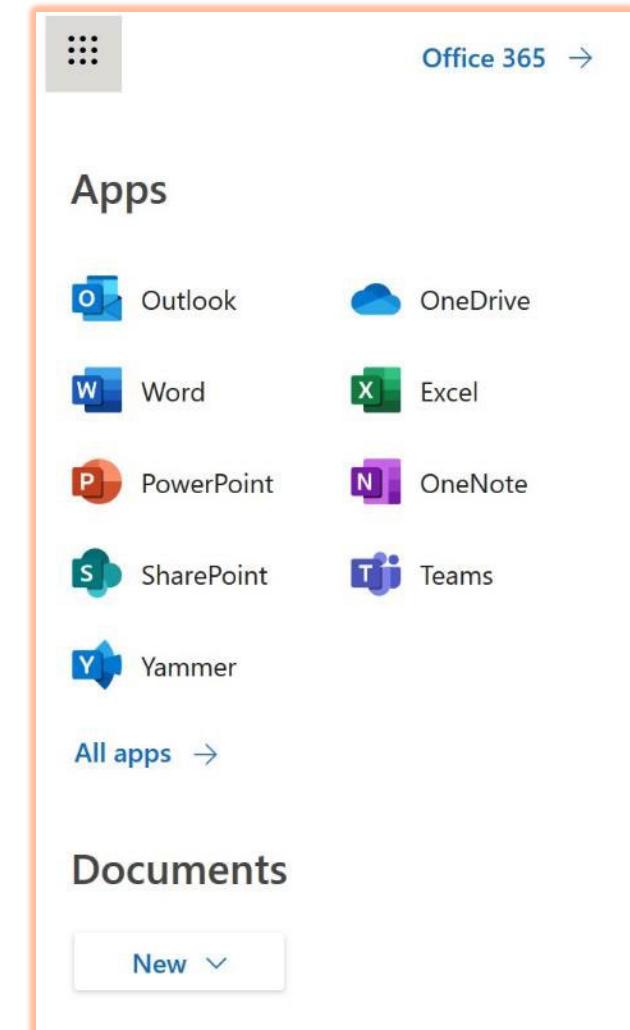

- Microsoft Office – via Microsoft 365,
- Statistics software (SPSS, Oxmetrics)
- F-secure
 - Safe: 5€/year
 - Total: 15€/year

More information: [IT-services- Computers](#)

2.7 MICROSOFT 365

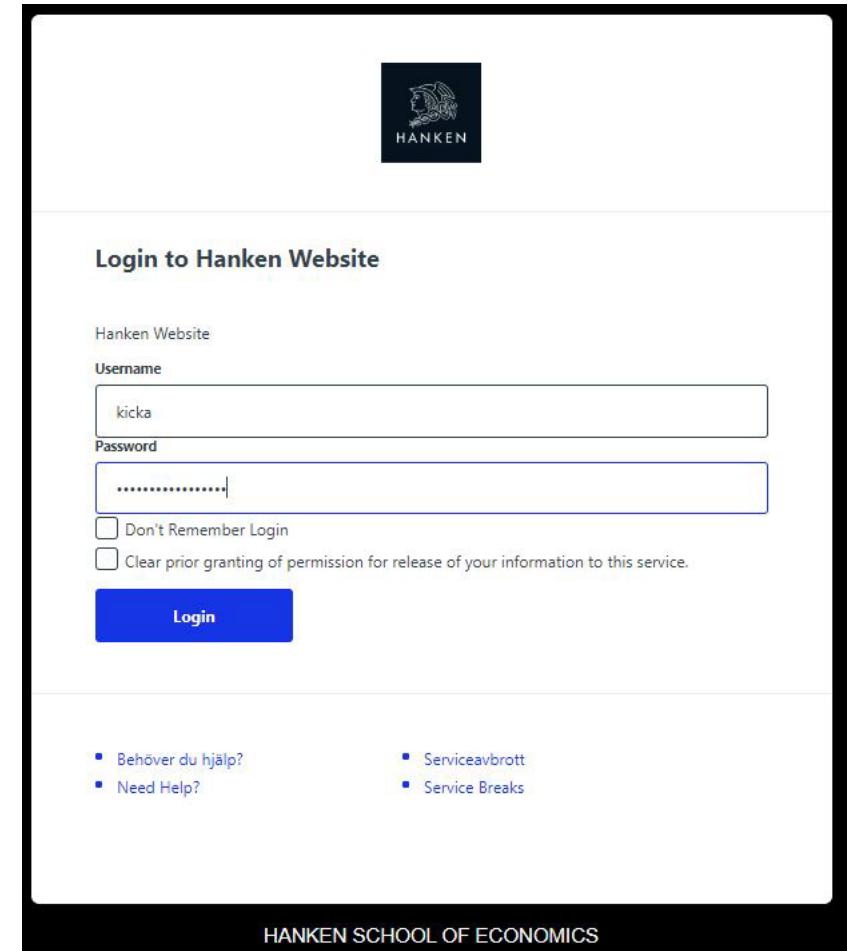

Microsoft cloud services:

- **50 GB** e-mail
- **1 TB** on Hankens *OneDrive for Business*, easy to share documents and work together
- **Cloud tools** like Word and Excel etc, have the basic functions but not all.
Possibility to download **a full version of Word, Excel, Powerpoint** etc to you own computer
- **Teams** – much used in teaching for groupwork, meetings and distance teaching

3 ACCESS CONTROL

- All IT systems / networks are protected by access control
- The IT department need to provide user identity verifications for both the university and our external service providers.
- Thus, we are obliged to verify the identity of the users.
 - Who the user is → *ID control*
 - *What the user is doing at Hanken* -> e.g. *study right*
 - *What role the user has* -> *rights to which systems*

The image shows a screenshot of a web-based login interface for the Hanken School of Economics. At the top right is the Hanken logo, which consists of a stylized profile of a head and the word 'HANKEN' below it. The main title 'Login to Hanken Website' is centered above the form fields. The form fields are labeled 'Username' and 'Password', with the respective input boxes. Below the password box are two checkboxes: 'Don't Remember Login' and 'Clear prior granting of permission for release of your information to this service'. A large blue 'Login' button is centered below the checkboxes. At the bottom of the page, there are two columns of links: 'Behöver du hjälp?' and 'Serviceavbrott', each with two corresponding links: 'Need Help?' and 'Service Breaks'. The footer of the page reads 'HANKEN SCHOOL OF ECONOMICS'.

Summary: We keep track of who the user is, guarantee that the user is who he claims to be, and grant, on the basis of that, the rights to which the person is entitled
