

THE EQUALITY COMMITTEES' RECOMMENDATION ON TIMES OF MEETINGS

The equality committee has at its latest meeting discussed times of meetings at Hanken and has after that decided to recommend that all meetings held at Hanken, info meetings, meetings at departments, units or administration take place, i.e. start and finish between 9 a.m. and 4 p.m.

By following the above mentioned meeting times all employees and scholarship recipients have equal opportunities to participate in the meetings. This makes participation in the discussions and decision making at the work place easier for those who cannot participate in meetings outside these times without additional arrangements.

All employees are strongly recommended to follow this recommendation.

The Equality Committee May 2102
